

CHURCH WORLD SERVICE

BEST GIFT 

mission moment

What was the best gift you have ever received? Was it a creative gift from your kids that made you feel warm inside? Was it a gift that you had been eagerly awaiting? How about a gift that was practical and changed your everyday life?

We all love getting gifts around this time of year, but did you realize that you can actually give two gifts in one?

When you give a gift through the CWS Best Gift Catalog, it won't only make your friends and family laugh and smile, but it changes the life of a family across the world. Imagine a family's excitement at receiving a new community well, which cuts down on their time to retrieve water and offers clean water for everyone to enjoy. Or their excitement for a pair of goats, which would provide both food and income for a family.

You can give a gift that has more meaning this Christmas. You can give a gift that will not be forgotten after a few months, but will be treasured. Bring light to the world this year by giving gifts that matter to families around the world through CWS Best Gift Catalog.

You can look through the catalogs _____ (provided in your pews or at the display table in the back of church) and find the perfect gift to honor your loved ones. Give the gift of joy. Give the gift of dreams. Give a gift that will change lives.
