

You're helping equip our neighbors around the world with life-saving tools during disaster. Like in Tana River County, Kenya where 15,000 people received emergency food rations after a drought disrupted livelihoods and caused widespread hunger. Your **Best Gift** reaches vulnerable communities and families everywhere to ensure they have nutritious food to eat now and the seeds, tools and knowledge they need to build resilience for a lifetime.

You're receiving this card because someone thought of helping others when they thought of you. The gift purchased on your behalf means you're transforming communities around the globe through responsible solutions to hunger, poverty, displacement and disaster. Thank you for being a part of Best Gift!
