## CHICKENS FOR A FAMILY
in Tanzania

Protein is an important part of a child's development, but families in rural Tanzania don't always have access to it. Your gift represents that access - and it's a gift that lasts! Chickens provide a constant supply of eggs (protein), and those eggs can also be sold to pay for healthy vegetables. Thank you for helping children become stronger and healthier through a balanced diet!

# A BEEHIVE
in Kenya

How do you keep a farm running and families fed when you lose your animals and crops to floods? Families in Kenya are turning to livestock that live higher than the flood lines: bees. Your gift helps these families return to stable jobs working with nutritious honey that they can eat and sell. Even better, it's a caretaking trade that helps the environment thrive, too! Thank you!

## A HOUSEHOLD TOILET
in Cambodia

A safe, sanitary bathroom is a vital part of a healthy home. Without proper latrines, waste can contaminate water sources and make people sick. Trips to fields or forests as bathrooms are also dangerous, especially at night. Your gift helps keep a whole family in Cambodia safe and healthy and makes a huge difference in their daily lives.

## A HOUSEHOLD WATER FILTER
in Cambodia

Having water and having CLEAN water are two very different things. Dirty water can contain deadly diseases, and for families in rural Cambodia, every sip is a risk. Your gift helps equip one household with a daily supply of fresh, clean water for drinking, washing and cooking. Thank you for supporting a cost-effective and efficient way to keep a family hydrated and healthy!

## RIDES TO SCHOOL

for a month for a refugee child in Egypt

“Going to school” for many children means they have to first find a way to get there. That’s a huge obstacle for refugee children in a big city like Cairo, where they may not speak the language or have money for public transportation. Your gift means one refugee student can travel to and from school for a month. Thank you for giving children one less thing to worry about while they focus on what’s really important: learning and dreaming big!

## “ENROLLING YOUR DAUGHTER IN SCHOOL”

session for a family in Kenya

For many girls in rural Kenya, going to school simply isn’t an option. In part, it’s because it’s a fairly recent option, so parents aren’t even sure how to enroll their daughters in classes. Your gift represents a customized informational session with one family so they can learn more about enrollment, overcome whatever obstacles stand in the way and maximize the benefit to the whole household. Thank you for opening the door to learning for a girl...and her entire family!

## EIGHT YEARS OF CLASS
for a student in Kenya

Education is the gateway to a brighter future. But, in many places around the world, like in rural Kenya, there are a lot of barriers between a student and getting an education. One of the major barriers is money. Oftentimes, families in these rural communities can't afford to pay for their child's education. Your gift ensures that a lack of money won't stop a child from going to school, receiving an education and creating a brighter future! Thank you.

## BUNDLE IT!

### Diapers & formula for a baby in Egypt for a month

Every baby deserves a strong, healthy start. But for infants who enter this world as refugees, the basics - nutrition, hygiene and protection - aren't guaranteed. Even worse, many refugee children have lost their caretakers in the journey to safety. Your gift supports these babies in Cairo with a month of formula (when breastfeeding isn't an option) diapers and a nurturing environment. Thank you!

## MENSTRUAL HEALTH TRAINING

+ a year of sanitary items for a girl in Kenya

For girls in rural Kenya, a period can totally hit the brakes on education. Many schools aren't equipped with menstrual supplies - they may not even have a women's restroom on site. It means that girls end up staying home for days at a time... which puts them behind in their schooling. Your gift gets a student through their hardest moments by supporting menstrual health education and a year of sanitary supplies. Thank you!
