

CHURCH WORLD SERVICE

Best Gift

—MOMENT FOR MISSION—

This Christmas, when we share CWS Best Gifts, we plant seeds of hope that allow families to grow their own food and support their loved ones. In a small village in Honduras, Doña Santos is living proof of how these gifts transform lives.

Recently widowed, Doña Santos faced many challenges but didn't give up. With help from CWS, she now grows and sells her own vegetables. She even leads a team of young people from her community to distribute what she harvests.

Through CWS' program, Doña Santos learned sustainable farming, income management, and entrepreneurship. Now, she no longer needs to buy food—she grows almost everything her family needs.

Despite health challenges, Doña Santos remains determined. She's planning to open a small market to sell her produce and reinvest in her future.

This Christmas, let's continue to give these seeds of hope, so families like Doña Santos' can thrive.

**And when we take your gifts to those who need them, they will thank God.**
